

ALOE VERA

Soothing Skin Gel

First aid in a tube.

- Combines healing properties of aloe vera with antiseptic properties of eucalyptus.
- Aids in the healing of minor abrasions, burns, cuts & skin irritation.
- Refreshing cool gel for insect bites, rashes & minor skin damage.
- Convenient first aid for skin.

Soothing: Aloe Vera moisturises and cools the skin, providing anti-inflammatory relief.

Shielding: Eucalyptus oil helps protect wounds and prevent infection.

Sensitive: Gentle on the skin, aiding recovery and relief of minor skin wounds.

Aloe Vera gel and Eucalyptus oil have been used to reduce inflammation, alleviate pain and speed the healing process, from ancient to modern times. They are found in many pharmaceutical ointments, liniments and gels, and have been proven to assist the health of irritated skin.

Ingredients (per 100ml tube):

98% Aloe Barbadensis (Aloe Vera)

0.25% Eucalyptus Globulus

Other Ingredients: Water (Aqua), Glycerin, Carbomer, Optiphen™ Plus (Phenoxyethanol (and) Caprylyl Glycol (and) Sorbic Acid), Triethanolamine, Polysorbate 20.

Directions:

Apply as required to skin for soothing relief of minor skin abrasions, irritation or to moisturise.

FOR EXTERNAL USE ONLY.
