NEW IMAGE™

# CARB-BAL

YOUR SECRET  
WEAPON  
FOR KETO  
SUCCESS

LESS CARBS  
MORE SUCCESS

# NEW IMAGE™ CARB-BAL BALANCES SUGAR CRAVINGS AND KEEPS YOU ON TRACK.

- Absorb fewer carbohydrates
- Support your body in ketosis
- Safe and natural
- Achieved your goal? Maintain it with the help of Carb-Bal

**Regulates:** Healthy blood sugar levels

**Balances:** Helps balance carbohydrate intake.

The natural ingredients in Carb-Bal capsules help to balance the amount of carbohydrates absorbed from your diet.

It inhibits the activity of key enzymes (alpha-amylase) that break down starchy foods into easily absorbed sugars, decreasing the amount of carbohydrates and calories absorbed.

## Each vegetable capsule contains:

### Organic Gymnema Sylvestre Leaf Extract

An ayurvedic herb with traditional use in the management of blood sugar levels by reducing the absorption of sugar. The Hindi name for Gymnema means 'destroyer of sugar'. Clinical trials have shown a reduction in blood sugar levels when used in conjunction with this herb.

210  
mg

### White Kidney Bean Seed Extract

Delays digestion and absorption of carbohydrates by blocking an enzyme, alpha amylase, which enables digestion of carbohydrates in the small intestine.

2.5  
g

### Fenugreek Seed Extract

Traditionally been used to manage blood sugar.

150  
mg

### Chromium

Helps regulate blood sugar levels, reducing cravings and ensuring you feel balanced.

31  
µg

ADULTS  
ONLY

Take Carb-Bal capsules 3x per day,  
30 minutes before eating.

This will reduce the amount of carbohydrates you absorb, support healthy blood sugar levels and manage sugar cravings.

TIP: FOR BEST RESULTS, TAKE  
WITH ALPHA LIPID™ ULTRA DIET™ 2

## HELP CURB SUGAR CRAVINGS NATURALLY.
